

# EDGE

Inspired by the timeless Japanese philosophy of wabi-sabi, which celebrates the beauty of imperfection, the Edge collection is a unique expression of art and functionality. Combining sharp edges and contrasting textures with matte and glossy finishes, this collection features soft earth and ash tones. Through the use of fine stoneware with golden reflections, each piece transcends utility to become a testament to Nosse's artisanal excellence and authenticity.

## OYSTER PLATE

This piece captures the essence of the seabed, where the ripple of the sand meets the delicacy of the shells. Each oyster rests on a base that recreates the subtle, natural touch of submerged sand, bringing a unique sensory experience to the table that evokes the purity and serenity of the sea. It is a celebration of the ocean, where the simplicity of nature is transformed into culinary art.
