

UBUNTU

Ubuntu draws inspiration from the ancient wisdom of African peoples, celebrating compassion, communion, and generosity. Here, individual well-being is inseparable from collective well-being, reflecting the essence of what makes us human. Beauty, imperfect and authentic, is made of small flaws that tell stories and create connections.

Nosse Ceramics was awarded the “Excellent Product Design” prize at the 2022 German Design Awards, one of the most prestigious international design recognitions.

The Ubuntu collection, presented in the Aura Gold tone, impressed the jury with its outstanding execution and striking design, reflecting the essence of authenticity and innovation that defines Nosse.

The German Design Awards, organized by the German Design Council, have been celebrating the most visionary works in the design world for a decade, recognizing creations that shape the present and inspire the future.

The Ubuntu Collection by Nosse Ceramics has been honored with the renowned GOOD DESIGN® Award, one of the oldest and most prestigious design accolades in the world, in their 2022 edition.

Established in Chicago, the program annually celebrates innovation in products, graphics, and packaging excellence from all continents.

Organized by The Chicago Athenaeum Museum of Architecture and Design in collaboration with the European Centre for Architecture, Art, Design, and Urban Studies, the GOOD DESIGN® Award highlights creations that set new standards in global art and design.
