

FREYA

In Norse mythology, Freya is the goddess of love and war. The Freya Collection was created to honor her strength and features elegant pieces that, with their imperfections, symbolize the scars left by her battles throughout life.

Each piece reflects her resilience and power, combining sophistication with the beauty of the marks that make each story unique. These pieces are perfect for the table, ideal for a celebration worthy of the gods of Valhalla, where strength and elegance meet in every detail.

The shape of the Freya Collection was recently recognized as the Winner at the German Design Awards 2024, one of the most prestigious accolades in the design world.
